EAST MEETS WEST ARTIST, SIENNÁ, TO RELEASE NEW ALBUM: Q.o.S.

Oslo, Norway – Sienná, a native from Kyoto, Japan living in Oslo Norway today as she pursues her vast musical talents for songwriting, musical production, DJing, and more, this week announced she is poised to drop her latest electronica album, Q.o.S., in upcoming weeks.

Recognized for her distinguishably unique sound, consisting of electronic bases, avant-garde, house, jazz, traditional Japanese, contemporary Japanese, and experimental, Sienná's latest musical creation contains ten tracks embodying slow, groovy elements with instruments and vocals lofted over the top.

“It is my absolute passion to share my unique Japanese-meets-European sound with as many listeners as possible worldwide,” said Sienná. “I enjoy pushing the boundaries of what we come to accept as commonplace in music today, and I look forward to listener’s feedback when they finally hear the upcoming powerhouse album Q.o.S.”

Sienná is known for collaborations with renowned artists including Nils Petter Molvaer, a Norwegian jazz trumpeter, and Mick Karn, a deceased bassist of the English band Japan, and The Crazy World of Arthur Brown, where Sienná performed as an opening act to the band three times. Additionally, she has been performing with a live Norwegian band since 2008, and launched her independent, solo DJing career in December 2016.

Sienná is mostly specializing in blending Japanese EDM with her own groovy take on original songs, as well as EDM remixes from around the world. Be sure not to miss out on one of the following shows (and more to come):
